Notice for Demand Collection of Solar Rooftop PV Systems for C&I Entity

Date of Notice Publication: 19 November 2026

Last Date of Application Submission: 18 December 2026

Alternative Energy Promotion Center (AEPC) has been executing a project: "Promotion of Solar Energy in Rural and Semi-urban Regions-II" with financial cooperation from German Development Cooperation through KFW. AEPC hereby requests application for on-grid Solar PV Rooftop System from interested energy service company (ESCO) and commercial and industrial (C&I) entity to reduce dependency on fossil fuel. Priority will be given to small and medium C&I entity with proposed solar system capacity of 50kW to 500kW. AEPC will support by providing 50% interest subsidy for 5 years as per the provision of the *Renewable Energy Subsidy Policy 2022* "OR" NPR 1.5 per kWh generated (generation based incentive) for 5 years. The application form, including eligibility criteria, can be downloaded from AEPC website: www.aepc.gov.np. Interested and eligible Entities are requested to submit the demand application along with the supporting documents to srtdemand@gmail.com or to the office of AEPC, Tahachal, Kathmandu, Nepal not later than last date of application submission. The selection and implementation of the projects shall be carried out subject to the availability of the budget. AEPC reserves the right to accept or reject the submitted application without assigning any reason. Any queries regarding the application process will be responded through telephone or E-mail.
