Date: 16th December 2018

To
The Designated Operational Entities (DOEs)

Subject: Request for sealed Technical and Financial Proposals for "Validation of Proposed Large Biogas PoA for the registration as CDM PoA"

Dear Sir or Madam,

Alternative Energy Promotion Centre (AEPC) is planning to develop "Developing Large Size Biogas as Carbon Programme in Nepal" as a Programme of Activities (PoA). As a part of CDM project cycle procedure, AEPC intends to procure validation services from the accredited entities by UNFCCC.

AEPC hereby requests you to submit hard copy of your Technical and Financial Proposals for the aforementioned assignment not later than **15:00 NPT, 16th January 2019, Wednesday**. Only the proposals received by the deadline shall be considered for evaluation. The proposal should contain the information and format stipulated in the terms of reference attached for the assignment. The technical and financial proposals shall be sealed in a separate envelope and both shall be sealed again in an outer single envelope supplemented by cover letter. The proposal shall be submitted by post/courier to the following address:

Alternative Energy Promotion Centre
Procurement Unit.
Khumaltar Heights, Lalitpur Sub-metropolitan City, Nepal
Post Box No: 24364
Tel: +977-1-5539390, 5539391

Please make sure that the outer envelope containing the Technical and Financial proposals should be clearly labeled as stipulated in **annex I** of the ToR and shall contain detail information (Name, Address and valid e-mail address, Phone No) of the DOE with authorized signature and official stamp. Similarly, the sealed envelope containing the technical and financial proposals shall be labeled accordingly. Proposals received through e-mail will not be entertained. In case of any further information/clarification, please write Mr. Prem Kumar Pokhrel, Climate and Carbon Expert (e-mail: prem.pokhrel@aepec.gov.np).

Thank you.

Madan KC
Sr. Officer

Terms of Reference (ToR) for Validation of proposed Large Biogas PoA for the registration as CDM PoA

1. INTRODUCTION

Alternative Energy Promotion Centre (AEPC) was established in 1996 with the objective of developing and promoting renewable energy technologies with focus in rural areas of Nepal. Since then, AEPC has been successfully implementing/executing several renewable energy programme/activities in Nepal. AEPC is executing National Rural and Renewable Energy Programme (NRREP). The AEPC/NRREP is further committed to updating knowledge on Climate Change mitigation and adaptation options; further development a well diversified portfolio of RETs projects using different instruments and establishing high quality performance assurance and monitoring systems.

AEPC established Climate and Carbon Unit (CCU) for catalyzing the renewable energy programmes in order to better address climate change issues. The CCU also supports government to formulate climate change sensitive RE policies/plans and supports District Development Committees to prepare climate and gender sensitive energy plans. CCU is working on development & management of RETs carbon projects feasible in the country.

Under regulated carbon market, AEPC has succeeded in registering 8 Clean Development Mechanism (CDM) Projects/Program of Activities (PoAs): 4 household biogas projects consisting of about 60 thousands biogas plants, one Micro hydro project with total 450 mini/micro hydro projects, one Biogas PoA with each CPA comprising of maximum 20,000 digesters, one ICS PoA with each CPA comprising of maximum 22,000 ICS units and one Improved Water Mills PoA with each CPA comprising of maximum of 2200 IWM units. The details of the projects are given in respective website of UNFCCC.

2. BACKGROUND

AEPC is a public entity that executes all renewable/alternative energy programs in Nepal including the developing large size biogas plants. It provides pre-construction technical support to the owner for detailed sub-project preparation, as well as follow-up reporting and monitoring, thereby ensuring greater likelihood of sustainability of the investment for large size commercial, municipal and institutional biogas plants. Until now the biogas technology has been largely focused on household digesters for cooking purposes. However, there is a potential of expanding the technology at commercial and enterprise level. An appropriate implementation will impart positive impact on fulfilling their energy needs and reducing the dependency on imported fossil fuel. Combining the large size commercial, municipal waste and institutional biogas plants of size 12 cu. m and above, AEPC is planning to develop a Programme of Activity (PoA) to implement it as a CDM PoA. The PoA plans to cover 2 sectoral scopes (Scope 3 and 13) and will potentially follow two applicable methodologies (AMS II.C and AMS II.A.O). AEPC will be the coordinating and managing entity of this PoA.

The PoA will be the part of activities implemented by the Government of Nepal and External Development Partners (EDPs). The main objective of the PoA is to promote large off-grid biogas energy generation in Nepal having size above 12 cu m. As part of the registration process as per the UNFCCC's rules and reference, AEPC intends to procure services of the UNFCCC accredited Designated Operational Entity (DOE) for the validation of PoA and inclusion of 2 CPAs along with the PoA.

Terms of Reference (ToR) for Validation of proposed Large Biogas PoA for the registration as CDM PoA

3. OBJECTIVES

The general objective of the task is to provide DOE services for validation of proposed PoA and CPAs for large size biogas plants to be implemented by AEPC.

4. SCOPE OF WORK

The scope of the work includes but not limited to:

- An independent and objective review of the PoA-DD and CPA-DDs of the proposed large size Biogas PoA and other supporting documentations.
- Prepare and provide a validation work plan and conduct site visits if necessary.
- Prepare validation findings for PoA and CPAs and submit the final validation report to UNFCCC CDM Executive Board for the registration of PoA and inclusion of CPA.
- Respond to queries by project participants in case of clarification requests by UNFCCC during registration review.

5. METHODOLOGY

The DOE shall elaborate detail methodology to fulfill the objective of this work as per the requirement of relevant guideline and procedure.

6. INPUTS FROM AEPC/NRREP

- AEPC budget and relevant documents/materials and information
- Input from relevant AEPC officers

7. TIME AND BUDGET

7.1 Timing

The DOE is expected to complete this activity within **4 months** from the date of agreement.

7.2 Budget

Budget should be prepared in free form indicating the activities, man-days involved, rate etc. Contract will be done with the DOE on lump sum basis and is not entitled to receive any additional cost in excess of the contract amount. The contract amount and payment will be in Nepalese Rupees.

7.3 Taxes

The taxes applicable for this assignment shall be governed by the Income Tax Act, 2002 and the Value Added Tax (VAT) Act 1996 of Nepal.¹

7.4 Payment Terms

Installments	Percent (of contract amount)	Amount NRs	Expected Output
1 st Installment	Up to 20%	-	Approval of Inception Report
2 nd Installment	Up to 60%	-	Submission of Draft Validation Reports
3 rd and final Installment	Remaining	-	Submission of Final Validation reports
Total	100%		

8. DELIVERABLES (OUTPUT)

Reporting of the work shall be done as per following:

- Inception report including the validation work plan sent through email.
- Submission of Draft Validation Reports through e-mail to CME.
- Submission of the final Validation Reports for the proposed PoA and CPA under consideration to CME and UNFCCC.

¹ The DOEs are encouraged to quote the net receivable amount in their financial proposals to avoid any confusion regarding the calculation of taxes/VAT while preparing the quotes.

Terms of Reference (ToR) for Validation of proposed Large Biogas PoA for the registration as CDM PoA

9. QUALIFICATION OF DOE AND VALIDATORS/AUDITORS

The DOE should be accredited for the specific sectoral scopes by UNFCCC. A competent team with at-least team leader and validator/auditor with relevant knowledge and experience in the specific scopes and sectors are sought. The team shall compose of validators/auditors as per the requirement of CDM rules and procedure. However, one of the members proposed for the assignment shall have technical expertise on the related assignment.

Team Leader (1): The team leader shall have at least Masters' Degree qualification and more than Seven years of working experience for carbon project validation/verification. Experience of successful validation with similar types CDM projects will be added advantage.

Validator/Auditor: The validator/auditor shall have at least Masters' Degree qualification and more than Five years of working experience for carbon project validation/verification. Experiences in successful validation of the CDM projects will be added advantage.

10. DOCUMENTS TO BE SUBMITTED BY THE DOE

The DOE should submit the technical and financial proposals in separate sealed envelopes and the both should be sealed in an outer envelope. The documents submitted by the bidder should include:

10.1 Technical Proposal

- (1) Power of Attorney to sign the Proposal
- (2) Proof of Legal Status and Eligibility (UNFCCC's certification as validating entity for specific sectoral scope)
- (3) TECH-1
- (4) TECH-2
- (5) TECH-3
- (6) TECH-4
- (7) TECH-5
- (8) TECH-6
- (9) TECH-7

10.2 Financial Proposal

- a. Financial Proposal (Proposed/Quoted Service Fee) (Nepalese Rupees) in separate sealed envelope indicating details, for example, the activities, man-days involved, rate etc.
- b. Budget shall be proposed in Nepalese Rupees. The cost of services, if indicated otherwise than Nepalese Rupees, will be converted to the Nepalese Rupees as per the exchange rate for the final day of the proposal submission. The reference for the exchange rate will be taken from Nepal Rastra Bank (Central Bank of Nepal) (<https://www.nrb.org.np/>)
- c. Following documents shall be included in financial proposal
 - (1) FIN-1
 - (2) FIN-2
 - (3) FIN-3
 - (4) FIN-4

11. Selection Procedure

The selection method is the Quality and Cost based method as stipulated in Public Procurement Act and Public Procurement Rules of Nepal. Detail evaluation criteria for the selection of the DOE are given in annex IV.

Terms of Reference (ToR) for Validation of proposed Large Biogas PoA for the registration as CDM PoA

12. The Right to Audit

The Alternative Energy Promotion Centre's Compliance and Ethics Sub-committee shall have the right to audit and inspect all books, records and underlying documentation relating or pertaining to contracts or agreements under AEPC, for delivery of goods or services, kept by or under the control of the Contractor including, but not limited to those kept by the Contractor and its employees, agents, assigns, successors and subcontractors.

The Contractor shall maintain such books and records, together with such supporting or underlying documents and materials, for the duration of the contract or agreement and at least to the end of the following Government of Nepal Fiscal Year from the approved date of the completion of the assignment as per contract or agreement with AEPC.

A clause regarding this facility will be included in the contract document.

11. Acceptance of Proposal

All rights are reserved with AEPC either to approve or disapprove any proposal without giving any reasons whatsoever.

Terms of Reference (ToR) for Validation of proposed Large Biogas PoA for the registration as CDM PoA

Annexes to this ToR

- Annex I: Guidelines for Proposal Submission**
- Annex II: Guideline for Technical Proposal Preparation**
- Annex III: Guideline for Financial Proposal Preparation**
- Annex IV: Evaluation/Selection Criteria**

Terms of Reference (ToR) for Validation of proposed Large Biogas PoA for the registration as CDM PoA

Annex I – Guidelines for Proposal Submission

The proposal shall comprise of two parts: technical and financial. Technical proposal and financial proposal should be sealed in two separate envelopes and both envelopes should again be sealed in an outer envelope. The envelope containing technical proposal should be labeled as “TECHNICAL PROPOSAL: Validation of proposed Large Biogas PoA for the registration as CDM PoA”, envelope containing financial proposal should be labeled as “FINANCIAL PROPOSAL: Validation of proposed Large Biogas PoA for the registration as CDM PoA”, and the outer envelope enclosing the envelopes of technical and financial proposal should be labeled as “TECHNICAL AND FINANCIAL PROPOSALS FOR Validation of proposed Large Biogas PoA for the registration as CDM PoA”.

Both Proposals (Technical and Financial) must be *Signed and Stamped* on all pages by the authorized representative. The assignment is expected to commence on 15 February 2019.

The Proposal shall comprise the following:

1st Inner Envelope with the Technical Proposal:

- (10) Power of Attorney to sign the Proposal
- (11) Proof of Legal Status and Eligibility
- (12) TECH-1
- (13) TECH-2
- (14) TECH-3
- (15) TECH-4
- (16) TECH-5
- (17) TECH-6
- (18) TECH-7

AND

2nd Inner Envelope with the Financial Proposal (if applicable):

- (1) FIN-1
- (2) FIN-2
- (3) FIN-3
- (4) FIN-4

The proposal submission address:
Procurement Unit, Alternative Energy Promotion Centre
Khumaltar Height, Lalitpur, Nepal.

Proposals must remain valid for 90 days from the last date of submission. Clarifications if required may be requested 5 days before the submission deadline to:

Name: Mr. Prakash Aryal, Manager, Biogas
Address: AEPC Khumaltar Height, Lalitpur, Nepal.
Telephone No. : 01-5539390/91, Facsimile: 01-5539392
Email: prakash.aryal@aepec.gov.np

Or

Name: Mr. Prem Kumar Pokhrel, Climate and Carbon Expert, Climate and Carbon Unit
Address: AEPC Khumaltar Height, Lalitpur, Nepal.
Telephone No. : 01-5539390/91, Facsimile: 01-5539392
Email: prem.pokhrel@aepec.gov.np

Annex II – Technical Proposal – Standard Forms

{Notes to DOE shown in brackets { } throughout this Section provide guidance to the DOE to prepare the Technical Proposal; they should not appear on the Proposals to be submitted.}

Form TECH-1

TECHNICAL PROPOSAL SUBMISSION FORM

{Location, Date}

To: [Name and address of Client]

Dear Sirs:

We, the undersigned, offer to provide the DOE services for [Insert title of assignment] in accordance with your Request for Proposals dated [Insert Date] and our Proposal. We are hereby submitting our Proposal, which includes this Technical Proposal and a Financial Proposal sealed in a separate envelope.

We hereby declare that:

- (a) All the information and statements made in this Proposal are true and we accept that any misinterpretation or misrepresentation contained in this Proposal may lead to our disqualification by the Client and/or may be blacklisted by the PPMO.
- (b) Our Proposal shall be valid and remain binding upon us until [insert date]
- (c) We have no conflict of interest in accordance with the clause given below and we have not been punished for an offense relating to the concerned profession or business.
 - 1. Conflict among DOE assignments: a DOE (including its Experts) or any of its Affiliates shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the DOE for the same or for another Client.
 - 2. Relationship with the Client's staff: a DOE (including its Experts) that has a close business or family relationship with a professional staff of the Client or are directly or indirectly involved in any part of (i) the preparation of the Terms of Reference for the assignment, (ii) the selection process for the Contract, or (iii) the supervision of the Contract, may not be awarded a Contract.
- (d) We meet the eligibility requirements for this assignment as per the requirement.
- (e) Neither we, nor our JV/associate partners/sub-consultants or any of the proposed experts prepared the TOR for this consulting assignment.
- (f) If negotiation needs to be done, we undertake to negotiate a Contract on the basis of the proposed Key Experts. We accept that the substitution of Key Experts for the reasons other than those stated below may lead to the termination of Contract negotiations.

The substitution of Key Experts at the negotiations may be considered if due solely to circumstances outside the reasonable control of and not foreseeable by the DOE, including but not limited to death or medical incapacity. In such case, the DOE shall offer a substitute Key Expert within the period of time specified in the

Terms of Reference (ToR) for Validation of proposed Large Biogas PoA for the registration as CDM PoA

letter of invitation to negotiate the Contract, who shall have equivalent or better qualifications and experience than the original candidate.

- (g) Our Proposal is binding upon us and subject to any modifications resulting from the Contract negotiations.
- (h) In competing for (and, if the award is made to us, in executing) the Contract, we undertake to observe the laws against fraud and corruption, including bribery, in force in the country of the Client.

We undertake, if our Proposal is accepted and the Contract is signed, to initiate the Services related to the assignment no later than the date indicated in ToR.

We understand that the Client is not bound to accept any Proposal that the Client receives.

We remain,

Yours sincerely,

Form TECH-2

DOE'S ORGANIZATION AND EXPERIENCE

Form TECH-2: a brief description of the DOE's organization and an outline of the recent experience of the DOE that is most relevant to the assignment. In the case of a joint venture, information on similar assignments shall be provided for each partner. For each assignment, the outline should indicate the names of the DOE's Key Experts and Sub-contractors who participated, the duration of the assignment, the contract amount (total and, if it was done in a form of a joint venture or a sub-consultancy, the amount paid to the DOE), and the DOE's role/involvement.

A - DOE's Organization

1. Provide here a brief description of the background and organization of your company, and – in case of a joint venture – of each member for this assignment.

B - DOE's Experience

1. List only previous similar assignments successfully completed in the last 7 (Seven) years.
2. List only those assignments for which the DOE was legally contracted by the Client as a DOE or was one of the joint venture partners. Assignments completed by the DOE's individual experts working privately or through other consulting firms cannot be claimed as the relevant experience of the DOE, or that of the DOE's partners or sub-consultants, but can be claimed by the Experts themselves in their CVs. The DOE should be prepared to substantiate the claimed experience by presenting copies of relevant documents and references if so requested by the Client.

Form TECH-4

DESCRIPTION OF THE METHODOLOGY AND WORK PLAN IN RESPONDING TO THE TERMS OF REFERENCE

Form TECH-4: a description of the methodology and work plan for performing the assignment, including a detailed description of the proposed methodology and staffing for training, if the Terms of Reference specify training as a specific component of the assignment.

{Suggested structure of your Technical Proposal:

- a) Technical Approach and Methodology
- b) Work Plan
- c) Organization and Staffing }

- a) **Technical Approach and Methodology.** {Please explain your understanding of the objectives of the assignment as outlined in the Terms of Reference (TORs), the technical approach, and the methodology you would adopt for implementing the tasks to deliver the expected output(s), and the degree of detail of such output. Please do not repeat/copy the TORs in here. }
- b) **Work Plan.** {Please outline the plan for the implementation of the main activities/tasks of the assignment, their content and duration, phasing and interrelations, milestones (including interim approvals by the Client), and tentative delivery dates of the reports. The proposed work plan should be consistent with the technical approach and methodology, showing your understanding of the TOR and ability to translate them into a feasible working plan. A list of the final documents (including reports) to be delivered as final output(s) should be included here. The work plan should be consistent with the Work Schedule Form. }
- c) **Organization and Staffing.** {Please describe the structure and composition of your team, including the list of the Key Experts and relevant technical and administrative support staff. }

Form FIN-4 Breakdown Of Other Expenses, Provisional Sums and Contingency

When used for Lump-Sum contract assignment, information to be provided in this Form shall only be used to demonstrate the basis for calculation of the Contract ceiling amount, to calculate applicable taxes at contract negotiations and, if needed, to establish payments to the DOE for possible additional services requested by the Client. This form shall not be used as a basis for payments under Lump-Sum contracts.

Type of Expenses, Provisional Sums	Quantity	Unit	Currency	Unit Price	{Currency # 1- as in FIN-2}	{Currency # 2- as in FIN-2}	{Currency# 3- as in FIN-2}	{Local Currency- as in FIN-2}
Reimbursable Expenses								
{e.g., Per diem allowances}	{Day}							
{e.g., International flights}	{RT}							
{e.g., In/out airport transportation}	{Trip}							
{e.g., Communication costs}								
{e.g., reproduction of reports}								
{e.g., Office rent}								
Sub-Total: Reimbursable Expenses								
Provisional Sums								
Item 1								
Item 2								
Sub-Total: Provisional Sums								
Total: Reimbursable Expenses + Provisional Sums								

* Provisional Sums must be expressed in the currency indicated in the data sheet.

Annex IV - Selection /Evaluation Criteria

The following will be the marking of the technical and financial proposals.

A. Technical Proposal	80%
B. Financial Proposal	20%
A Technical Proposal	80
1. Specific Experience of DOE related to the assignment	20
1.1 General experience	5
1.2 Experience of DOE in assignment related to that sectoral scope	5
1.3 Experience of the DOE in CDM validation/inclusion of similar assignment	5
1.4 Experience of the DOE in similar geographical region	5
2. Methodology to carry out the proposed task and effectiveness	30
2.1 Methodology to carry-out the tasks	15
2.2 Practical manning and work schedule	10
2.3 Overall structural quality of proposal	5
3. Qualification and competence of the key staffs for the assignment	30
3.1 General qualification of the validator/auditor	5
3.2 Experience of validators/auditors in validation of CDM PoA	15
3.3 Experience of validators/auditors in similar geographical regions	10
B Financial Proposal	20
Total max	100

B. Financial Proposal

The financial proposals of the DOEs securing at least 70% of scores in the technical proposals will be opened for further assessment.

The formula for determining the financial scores is the following:

Either $S_f = 100 \times F_m/F$, in which S_f is the financial score, F_m is the lowest price quoted and F the price of the proposal under consideration, or another proportional linear formula.

The weights given to the Technical and Financial Proposals are: T (Technical Proposal) = 0.80 and F (Financial Proposal) = 0.20

C. Selection

The DOE securing the highest marks in the technical (80%) and financial (20%) proposals will be awarded with the task.
